

Parramatta Eels Community Rugby League Facility

Client	Parramatta Eels Rugby League
Project	Community Rugby League Facility
Timeline	20 weeks
Value	\$4.2 million

Overview

Fleetwood Australia was engaged to design, manufacture, deliver, install and commission a 2,100m² new Head Office and Training Facility for the Parramatta Eels Rugby League.

Solution

The new modular building was Stage 1 of the Parramatta Eels Community Rugby League Facility that included the team's head office as well as an elite training facility to house the club's NRL, reserve grade, Jersey Flegg and academy teams. It also features designated change rooms, ice baths, physiotherapy & medical treatment rooms, theatres, meeting rooms, a gymnasium, recreational spaces, administration head office space for the Parramatta Eels administration office.

Benefits

- Early engagement from the client's team to ensure the project brief and vision was collaborative and project teams were aligned from the outset to completion
- Fleetwood Australia used 3D virtual design technology during the final design review to refine and approve the design
- Designing a fit for purpose 500m² gym that included concrete floors and 3m high ceilings
