

# WSW Centre of Excellence

<b>Client</b>	Western Sydney Wanderers
<b>Project</b>	Centre of Excellence Buildings
<b>Timeline</b>	20 weeks
<b>Value</b>	\$3.6 million

## Overview

Fleetwood Australia was engaged to refurbish the existing facility as well as design, build, deliver, install and commission a new 1,900m<sup>2</sup> Centre of Excellence Building.

## Solution

The building forms part of Stage 1 of Western Sydney Wanderers Centre of Excellence that features three elite training pitches housing the club's elite men's, women's and academy teams. The building includes Westfield W-League and Hyundai A-League designated changerooms, physiotherapy, state-of-the-art gymnasium, offices, media centre and large external deck areas.

## Benefits

- Working closely with the client, architect and council during the design phase
- Relocating and refurbishing existing buildings that were Council Assets and incorporating these into the overall design
- Incorporating into the design and the construction of a 5m high 288m<sup>2</sup> State of the Art Gymnasium
