

Springfield Pavilion

Client	Maroondah City Council
Project	Full Turnkey
Timeline	23.5 weeks
Value	\$2.75 M

Overview

Fleetwood Australia was contracted to deliver a full turnkey solution for Springfield Pavillion. Located on the site of the existing building, the new multipurpose functional pavilion is used by the Croydon Rangers Gridiron Club, local residents as a recreational hub as well as a dog park where pets can be safely let off the lease and exercise behind a secure fence.

Solution

Located on the site of the existing building, the new multipurpose functional pavilion consists of the prefabricated modular construction of a new double-storey building containing an accessible internal passenger lift, kitchen, bar, kiosk, female-friendly change rooms, amenities, meeting room, office spaces, first aid room and accessible car parking. Fleetwood completed the construction onsite in 17.3 weeks including the demolition.

Benefits

- Working closely with stakeholders to a detailed design that is optimised for prefabricated construction
- Manage inground, onsite and offsite production concurrently
- Provide a facility that meets the stakeholders' requirements, with the highest quality construction within the budget allowance
- Ensure the building is environmentally and sustainably designed and constructed
